Gleaning From The Way Side

Just returned from National Conference. It was pleasant to renew acquaintance of other years and met the many for whom we labored during our ministerial life. However pleasant these meetings are they will soon be past. Each Conference marks another milestone on the journey of life and reminds us that the end is approaching. We were glad to see the interest manifested in the interests of the church and to listen to some of the soulstirring sermons delivered during the sessions. The work is growing in the mission fields with the news coming over waters for help on the distant shores. May the Lord continue to open up the way until our doctrine—The Gospel of Christ unto Salvation—may be heard in every land. The fields are ripened for the reaping.

Our harvest meeting at Lapaz was a success in numbers, in program and in attention. The best of order prevailed and the audience was very large. The Brethren labored for its success and it was accomplished. Our offering for missions was four dollars and twenty three cents, which we will decide as follows: One dollar and twenty three

cents for home missions; one dollar for Chicago mission; one dollar for Washington mission; one dollar for the Persian mission.

May the work move on until we have accomplished the desired end, and by our feeble efforts may many souls be brought to the knowledge of the truth.

Pennsylvania Conference

The time for the Annual Convention of the Sunday School and Church of the Pennsylvania Conference is rapidly approaching. The Conference will convene on October 2 and 3 in Altoona. On account of our Secretary, Bro. J. E. Parsons, being located in Washington at this time he asked the writer to mail to the various pastors and ministering brethren the credential and report blanks. This matter has been attended to during the present week. Should any church or school have failed to receive a sufficient number of any of the different kinds of blanks, kindly drop the writer a card stating this fact and your requirements will be cheerfully supplied at once.

We earnestly beg that every pastor and every Sunday School superintendent within the limits of our State Conference, will at once push the matter of preparing the reports properly to be presented at the Conference, and see that delegates are elected. Where it is impossible to represent by delegate, do not fail to send a report of the work done during Conference year now closing to the writer or some other officer of the Conference.

It is a lamentable fact that at each annual Conference it develops that there are quite a number of Brethren Sunday Schools that fail to send reports.

Dear, brethren let this year prove an exception to our experience in the past. Statistics are valuable and helpful to the work of a convention. Our loyalty to the work and the cause demands that we render every possible help and encouragement to the work, and the workers, that lies within our power.

May many faces from the various congregations and schools of our state and New Jersey, turn toward the Mountain City in the heart of the Alle-

ghenies on the First day of October. It is the season of the year when the beautiful mountain scenery of the Keystone state is at its best, and a trip up and down the mountains from the western part of the state will be especially enjoyable. We know a royal welcome awaits every brother and sister that attends the Conference at the hands of that faithful band of brethren and sisters of the Mountain City, led by that earnest, resolute veteran of the Cross, Elder Wm. L. Spanogle.

From Canada

Sunday, August 25, two more was added to our faith at this place. If I count myself for one we have now reached the number of perfection—seven. We are but a handful, but with Paul we are determined to press on.

Sunday, Sept. 8, is set for a feast day. We will then try to make our doctrine as plain as we can and see what can be done towards a church. May God's rich blessing and his blessed presence abide with us in this far north.

If there are any Brethren or any readers of the EVANGELIST that know of any members of the Brethren church who reside in Canada, Winnipeg, to the mountains, please give me their name and address, as I would like to correspond with any such.

Dear Evangelist.—Your weekly visits are highly appreciated by us as we would be deprived of the privilege of going to our own church, meeting with God's people in the house of the Lord. If it were not for the many good sermons in the EVANGELIST, in fact it is all good and gives us much encouragement. It is a blessing to us to see thru the paper that God's work is prospering and souls are coming to Christ. May the good work continue. The EVANGELIST is a blessing to any isolated member of the Brethren church. We left Roann in May, moved to Peru and have not had any chance to attend any meeting of the Brethren church as we have six miles to Mexico and no way to go unless we walk and my health is so poor that I cannot walk. I have found some members of the church here, eight or ten and there is more. I think this would be a good place to start a mission and build up a church. Souls are just as precious here as any other place. Brethren, look after this place when in Conference. There is only about thirty-eight licensed hells or devil's dens in the city. Brethren, do come and do something for this poor, sin-cursed town. My heart goes out in sympathy for the many poor souls that are going down to misery and woe thru the curse of strong drink.

Brother Louis Bauman, why don't you write oftener for the paper? We can not sit under the sound of your voice and hear your good counsels as of yore and we love you as dearly as ever. Bless the church.

We are on our road to Cerro Gordo for a month's meeting. Pray God's blessing upon the work. Preached last night in Chicago. Was very glad to meet the faithful band of workers there. The beautiful brick church and parsonage has been purchased. As soon as it can be cleaned and papered it will be occupied. I will be deceived if you don't hear of good work being done there. The main work at first will be done thru the Sunday School. The Sunday School has doubled in the last twelve months and will continue to grow. Some of the best people in the community are becoming interested in the work. Some are almost persuaded and ere long will come into the fold.
